

2016 Colorado Utah Tour

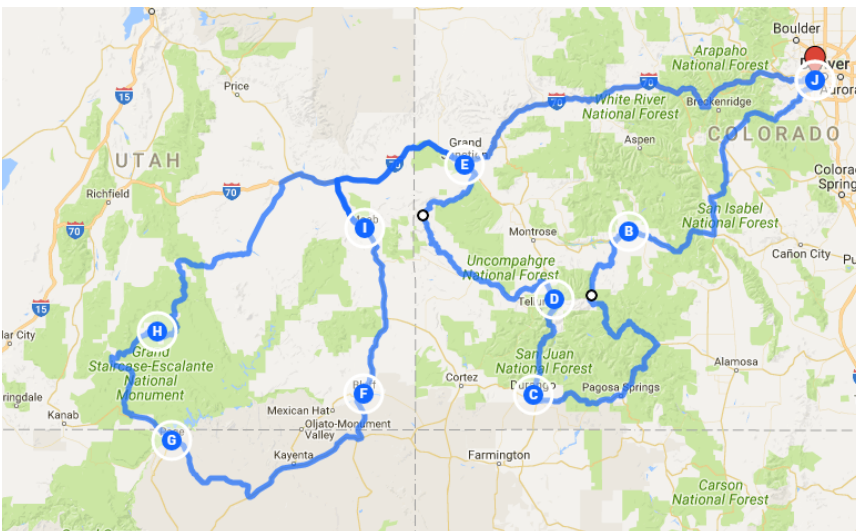

Colorado Tour

Come join us for a fantastic ride in the Colorado Rockies. The trip starts on Sunday Sept 11th, to give those a chance to make their way from Chicago to the starting point in Lakewood Colorado. We'll be making a clockwise loop west and south thru Gunnison, Pagosa Springs, Durango, Ouray and Grand Junction. There will be a free day to make a day loop out to ride some additional roads. For those riding dual sport motorcycles, there will be some easy but stellar mountain passes like engineer pass and cinnamon pass to explore. For those shy of the gravel, there are alternate paved routes for you to explore.

For those that can only spend one week on the trip, Grand Junction Colorado will be your **departure** or **entrance** into the ride. The second week we'll be making a clockwise loop thru Mexican Hat, Page, north rim of the Grand Canyon, Hurricane, Torrey, and Moab. Again the plan is to have a free day where dual sport bikes can explore some of the more interesting sites on well-graded gravel roads, while those on road bikes can take to the pavement.

If you're interested, please RSVP to both davidy@scramblers.net and gstepo@hotmail.com to receive the hotel list. You'll need to make reservations before rooms are released **Aug 15th, 2016**.

Dates for the Tour

September 11th-16th Colorado
September 16th-23rd Utah

Start

Hampton Inn
3605 South Wadsworth Ave
